

The Simplest Way to Get Started With Purdy's Grade 5 Fundraising

The first step is to create an account using your child's first and last name through the provided link by the school: <https://fundraising.purdys.com/2107626-126101> Once your account is set up, you will access your account's dashboard. **From there, you have two ways to place orders and ensure the school recognizes these purchases as supporting your child.**

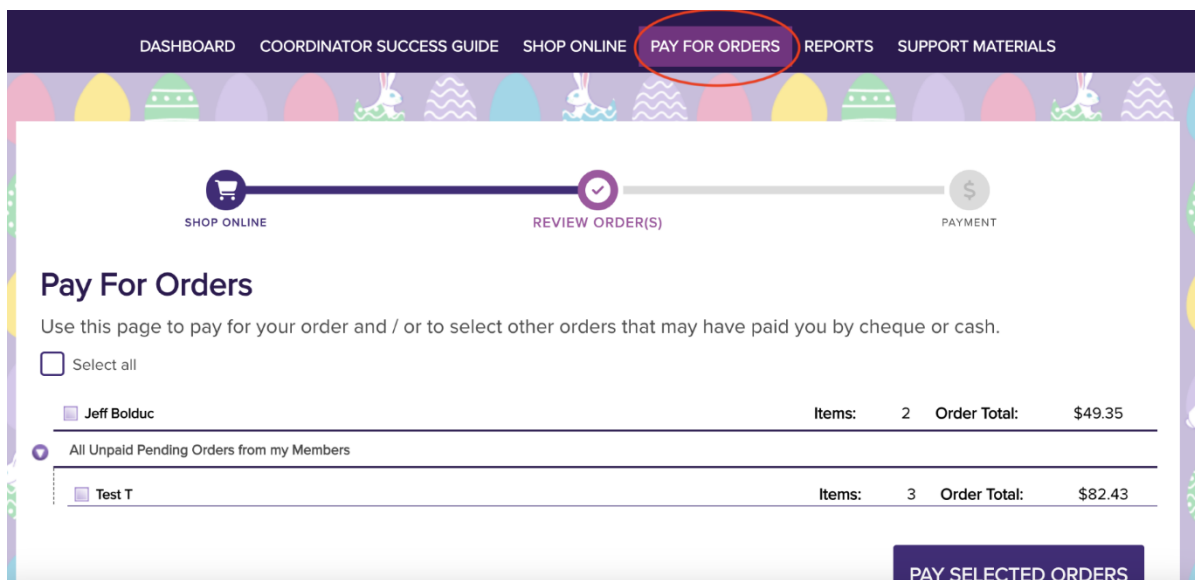

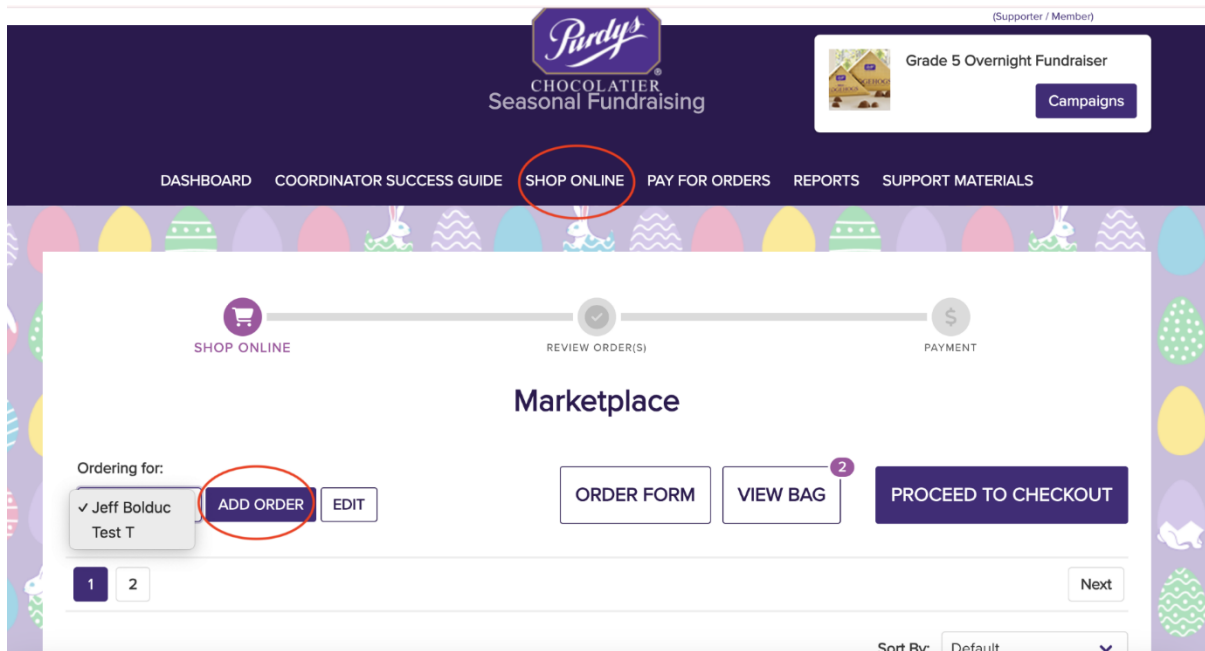

Method 1: Share Your Unique Link

On your **dashboard**, you'll find a personalized link connected to the school's fundraising campaign and your child's profile. When someone places an order using this link, the school can track the purchase under your child's name. Customers can order directly through this link and complete their payment online. **With this option, you don't have to manage other people's orders or payment information!**

Method 2: Order Through the "Shop Online" Tab

The **"Shop Online"** tab allows you to create and manage orders for different people. With this option, you'll need to build a shopping list for each customer and manually enter their payment details (credit card) to complete the order.

If friends or family members have purchased items to support your child, but you haven't used one of the options above, you can email Mme Martin at memartin@rvschools.ab.ca with the names of those who ordered Purdy's items from you. She will ensure they are linked to your child's name for school incentives. This will also help streamline the sorting process, making pick-up on **Tuesday, April 1** quicker and more efficient. Do not hesitate to reach out to Mme Martin if you have questions or need help.
